Florida State Aerie and Auxiliary
Fraternal Order of Eagles

Dear Fraternal Order of Eagles Members,

We are truly grateful to the Fraternal Order of Eagles for considering donations in support of cancer research H. Lee Moffitt Cancer Center and Research Institute. Now more than ever this dreaded disease continues to impact Floridians at an alarming rate and philanthropic support is the catalyst for our innovative, high reward scientific research. With research donations we can fund some of our tremendous successes in Kidney cancer research.

Moffitt is dedicated to one lifesaving mission: **To contribute to the prevention and cure of cancer.** Being one of only 56 National Cancer Institute-designated Comprehensive Cancer Center, a distinction that recognizes Moffitt's scientific excellence, multidisciplinary research, and robust training and education, we seek to ensure that every patient who walks through our doors receives a personalized treatment plan. Additionally, Moffitt is an international leader in pioneering advances such as cellular therapy, preventive vaccines, health disparities research and adaptive therapy.

Despite such breakthroughs in kidney cancer research, we find that cancer still has a way of outsmarting us – as every patient is unique, so too is their disease. Moffitt is developing computational models capable of predicting clinical response to therapy to optimize treatment by facilitating the use of the right drug(s) in the right patient at the right time – lessening the side effects for the patient and the financial burden for the family.

The backbone of Moffitt Cancer Center is our philanthropic investors, who make the difference in providing hope and courage to hundreds of patients and family members who walk through our doors every day. We have a unique window to see just how many lives are touched by a disease that does not discriminate and has no boundaries.

Donations from the Fraternal Order of the Eagles **will be used exclusively for research and no grant funds will be used for administrative expenses.** Should you have any questions, please do not hesitate to contact me at 813-745-0250 or Michael.Quinn@moffitt.org. Thank you for your consideration.

Regards,
